The InterExchange Work & Travel USA program is one of the best ways to experience life in the United States. You'll be able to stay in the country for up to four months—enough time to make friends, improve your English skills and experience American culture firsthand.

Designated by the U.S. Department of State to sponsor the J-1 Visa, we pride ourselves on providing superior customer service and support. With our experience creating superior cultural exchange opportunities for more than 40 years, nobody delivers better service than InterExchange Work & Travel USA!

As a nonprofit organization, we strive to keep our programs as affordable as possible so you can make the most of your time and earnings in the United States.

Which Program Is Right for Me?

Job Placement Program

Most students who are interested in living and working in the U.S. need help finding a job. Each year, InterExchange matches thousands of international students with seasonal employment opportunities all over the U.S.

Once you are accepted into our Job Placement program, we send your profile to employers who want to hire international students. When matching you with potential employers, we take into account your experience, English skills, and preferred job type and location.

Once an employer decides to hire you and you accept the job, InterExchange will:

- ▶ Process your J-1 Visa paperwork
- ▶ Prepare you for what to expect while working and living in the U.S.
- ▶ Help you apply for a Social Security Number
- ▶ Arrange your arrival dates and provide you with travel directions to your employer
- ▶ Provide you with housing information from your employer
- ▶ Provide you with accident and sickness insurance

Self-Placement Program

If you already have a job offer from an employer in the U.S., InterExchange can serve as your J-1 Visa sponsor through our Self-Placement program.

As a participant in our Self-Placement program, you should communicate directly with your employer about details such as housing, transportation, and your work start date. InterExchange helps with the visa process; the rest of the details are up to you and your employer.
